EDUCATION

University of Illinois Urbana Champaign	Champaign, IL
<i>B.S, Computer Science</i>	2015-(2019)
Frankfurt International School	Oberursel, Germany
	2013-2015
Burlington Central High school	Burlington, IL
	2011-2013

EXPERIENCE

Lifeguard	Elgin, IL
<i>Employee</i>	
<i>I worked as a lifeguard at the Highland Woods neighborhood pool. Although this is a small summer job, it taught me to be responsible and helped me get acquainted with having a job and working with coworkers and employers.</i>	2014

ACTIVITIES

Soccer	2001-2015
<i>I have played soccer all my life ranging from travel teams to both JV and Varsity level high school teams. Playing this sport, and for as long as I did, taught me many valuable skills such as working as a team/communication and to be committed to the things I want to accomplish.</i>	
CS Project	
<i>In one of my courses this semester we must choose a project work on as a team. The team I have chose has decided on making an app to ease the process of checking out and paying at grocery stores. We will learn some information in class, but most of my knowledge will have to be learnt from peers or on my own from working on this project.</i>	

SKILLS

Living Abroad	2013-2015
<i>I was given the wonderful opportunity to finish my last 2 years of high school in an International School in Germany. Although this is not a skill itself, I have gained many valuable skills through my experiences of living internationally and being around so many different types of people. Not only have I been able to start learning German, but also strongly develop better communications skills. I also have become more refined in my thought processes in due to my broadened horizons and eye opening moments.</i>
